## Commissioner for Patents

This communication clarifies two statements from the Examiner's Answer filed 2/12/08 noted by the Appeal Center. First, the statement of the Grounds of Rejection set forth in paragraph 9(b) on page 6, rejects claim 34 as applied to claims 32-33 which is not consistent with the Final Rejection statement that rejected claim 34 as applied to claim 33. However, it is noted that this is merely semantic in nature as claim 33 incorporates claim 32 since claim 33 is dependent from the independent claim 32. Second, in the Grounds of the Rejection, paragraph 9(c) on page 7, the grounds for rejection should read "Claims 21-36, 38, 39 and 41 are rejected on the ground of non-statutory obviousness-type double patenting . . . " since claim 37 has been previously cancelled (2/20/07).
